## ***DETAILED ACTION***

### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance: there are no prior arts teaching or suggesting of devices automatically enter an installed mode for a predetermined time interval. In this mode the respective devices can respond to selected control signals, which cause the respective device to remit, during this installed time interval, audible or visible outputs which indicate that the device has been installed properly and is functioning as expected. Once the installed interval has expired, in a disclosed embodiment, for a respective device that device will no longer respond to received selected control signals. It will however respond to other respond to other control signals in accordance with this predefined particle. Thus, once the installed interval has expired the respective devices remain silent notwithstanding the fact that the selected control signals continue to be present. In this way the installer can install a plurality of devices and receive immediate feedback that each of the devices is operating as expected. Subsequently, after the installed interval has expired for the respective device, the device remains silent even though devices, which were installed later in time continuing to emit their installed mode outputs indicating their normal functionality.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
